

## Mission Statement

Of the

FoxRidge Improvement Association:

To promote the safety, welfare, and interests of the owners of residences located in FoxRidge so that property owners are able to maintain their property values while ensuring a safe and respectable community for all to enjoy. We promote a safe and stable neighborhood through positive community interactions, strong neighborhood networks, education about neighborhood problems and opportunities, and positive action on behalf of the neighbors and our neighborhood environment.

The goals are to foster a stronger sense of community pride and to make our neighborhood a better and safer place to live. The FIA supports these goals by:

- Improving neighborhood safety by addressing conditions within the neighborhood that may adversely affect the residents well being
- Holding monthly meetings and an Annual meeting to discuss neighborhood business and allow discourse between the residents and the Board of Directors
- Promoting neighborhood beautification projects that benefit all residents to include an annual Dumpster Day and various other improvement projects
- Conducting get-acquainted programs with our neighbors such as Neighborhood Welcome Wagon and the annual picnic
- Providing an internet avenue for residents of the neighborhood to express their views to the Board of Directors
- Working together as advocates to address community problems within FoxRidge
- Educating residents as to the existence and applicability of the Covenants, Conditions and Regulations (CC&Rs) from the different filings within FoxRidge
- Interacting with the city of Centennial and Arapahoe County regarding issues of importance to the community

Approved by FIA Board Action
